## *ASCM Supply Chain Planning Certificate Online Course*

### ASCM Supply Chain Planning Certificate Overview

Synchronization is critical to fast, accurate production and delivery. By engaging all parts of the business, professionals can align planning processes and enable their supply chain organizations to experience significantly fewer disruptions. ASCM's Supply Chain Planning Certificate introduces these essential planning fundamentals and clearly explains how to integrate all planning functions within a company.

The self-paced, online program includes 20 hours of education and a comprehensive final exam. The online course is in addition to the self-paced online program. After passing the online exam, learners will receive a certificate and digital badge. The classes cover the complete online ASCM Supply Chain Planning Certificate, facilitate discussions among students and enable them to clarify topics related to the actual class.

### The benefits of the ASCM Supply Chain Planning Certificate Overview are to:
