

Certified in Logistics, Transportation and Distribution (CLTD) Online Company Course

The Certified in Logistics, Transportation and Distribution program has been designed by APICS to provide the skills necessary to understand and manage increasingly complex Supply Chain Networks from a practitioner's perspective with particular emphasis on the make, deliver and return process. It combines transportation, logistics and distribution in a wide variety of settings.

Building on your experience and previous SCM qualifications, achieving the APICS CLTD designation, will enhance and consolidate your supply chain management knowledge and expertise and provide you with an internationally recognised logistics, transportation and distribution certification.

The CLTD program is structured in nine modules examined in one 3.5 hour exam:

1. Logistics Overview and Strategy
2. Logistics Network Design
3. Sustainability and Reverse Logistics
4. Capacity Planning and Demand Management
5. Order Management
6. Inventory Management
7. Warehouse Management
8. Transportation
9. Global Logistics Considerations

We offer the CLTD as an Online Company Course, all courses will be led by APICS registered Instructors. The CLTD Online Company Course is eighteen classes over either nine or eighteen weeks at an agreed time and day.

The IPICS SCM Certified in Logistics, Transportation and Distribution (CLTD) Online Company Course provides:
