IPICS Certifications, Certificates, and Foundations of Supply Chain Management Online Courses

The Irish Production and Inventory Control Society (IPICS) was formed in May 1981 to promote education and training in supply chain and operations management in Ireland. IPICS is a Premier Channel Partner of the Association for Supply Chain Management (ASCM) formerly known as APICS. IPICS provides **Certification, Certificate and Foundations of Supply Chain Management online courses** from ASCM given by recognised APICS Instructors.

The **Supply Chain Certification courses** are all online, public classes are provided from late March over three months, and from late September over three months. The Supply Chain Certification courses are also available for online in-company courses, and there is a blended learning option available for each of the Certification courses as well. After the Supply Chain Certification Courses are completed the course candidate can then take their online APICS Certification exam in an exam centre.

Supply Chain Certification Online Courses

Certificate in Planning and Inventory Management (CPIM)

Certified Supply Chain Professional (CSCP)

Certified in Logistics, Transportation and Distribution (CLTD)

Certified in Transformation for Supply Chain (CTSC)

ASCM provide shorter online **Supply Chain Certificate courses**. The self-paced, online program includes 20 hours of education and a comprehensive final exam, which can be completed by self-study. After passing the online exam, learners will receive a certificate and digital badge. The online course is in addition to the self-paced online program.
