

Certified in Planning and Inventory Management (CPIM) V 8.0 Online Course

The Certified in Planning and Inventory Management (CPIM) from the American Production and Inventory Control Society (APICS) up to the end of December 2022 was made up of the CPIM Part 1 course and exam, and the CPIM Part 2 course and exam, and from the 1st January 2023 these are being replaced by CPIM Version 8.0 course and exam. The new CPIM Version 8.0 is bringing together the CPIM Part 1 and Part 2 courses, and has the added benefit of just one exam to achieve your Certification in Planning and Inventory Management (CPIM).

The CPIM Version 8.0 is the leading Certification Course in Supply Chain and Operations Management for those wishing to gain an Internationally recognised qualification. Earning the APICS CPIM demonstrates mastery of an organization's internal operations and an in-depth understanding of materials management, master scheduling, forecasting, production planning and how it applies across the extended supply chain.

The APICS CPIM Version 8.0 course is structured in eight modules examined in one 3.5 hour exam:

- Module 1: Align the Supply Chain to Support the Business Strategy
- Module 2: Conduct Sales and Operations Planning (S&OP) to Support Strategy
- Module 3: Plan and Manage Demand
- Module 4: Plan and Manage Supply
- Module 5: Plan and Manage Inventory
- Module 6: Plan, Manage, and Execute Detailed Schedules
- Module 7: Plan and Manage Distribution
- Module 8: Manage Quality, Continuous Improvement, and Technology

We offer the CPIM Version 8.0 as an online course, all courses will be led by APICS registered Instructors. CPIM Version 8.0 is over twelve weeks (two online classes per week).
