

ASCM Supply Chain Technology Certificate Online Self-Study Course

ASCM Supply Chain Technology Certificate Overview

Are you looking for a way to advance your career? Stand out in a competitive job market with the new ASCM Supply Chain Technology Certificate. This certificate gives you an understanding of how to implement the latest technologies in your supply chain organization to reduce costs, boost performance and achieve a more sustainable supply chain. You'll learn about the newest supply chain technologies through case studies from globally recognized organizations.

The self-paced, online program includes 20 hours of education and a comprehensive final exam. After passing the online exam, learners will receive a certificate and digital badge.

The benefits of the ASCM Supply Chain Technology Certificate are to:

- Accelerate your supply chain career
- Refresh your technology knowledge
- Collect 20 maintenance points for your existing APICS CPIM, CSCP or CLTD Certification
